ASSOCIATION OF ALBERTA COORDINATED ACTION FOR RECYCLING ENTERPRISES

OBJECTIVES

The objectives of the society are:

a. To help facilitate waste diversion and recycling initiatives in Alberta.

b. To help facilitate skill development for employees involved in recycling operations and industries involved in waste reduction.

c. To encourage and promote waste reduction and recycling initiatives in Alberta.

d. To encourage and foster cooperation and coordination amongst waste diversion and recycling interests in Alberta.

e. To educate and support communities in adopting best practices for waste management, with a strong focus on waste diversion, and environmental stewardship.

f. To govern, manage and administer the society.
